THE MULTI MESH 3D BY DOPPSTADT

**MISFITS NOT
WANTED!**

The **Multi Mesh 3D** by Doppstadt

The new Multi Mesh 3D by Doppstadt adds another level of power, efficiency and profitability to your waste wood recycling process. The shredding basket system is available for all machines of the AK, DZ and NZ series, with mesh sizes ranging from 80 to 300 mm.

Using the Multi Mesh 3D you can

- produce defined grain sizes
- significantly increase output quantities
- dramatically reduce wear and tear
- drastically lower fuel consumption
- considerably improve contaminant resistance

Why don't you take a look at the new waste wood processing highlight by Doppstadt right here? Visit us at our IFAT booth (Hall B6/Stand 439/538) or contact us at parts@doppstadt.de

We're looking forward to meeting you!
